"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes--50 cents and $1.00. E. S. Leadbeater & Sons, Special Agents.

Young Aultman Captured.

Detective Evans returned to Washington yesterday morning from Newark, N. J., bringing with him Rafael J. Aultman, the 15-year-old boy who on Friday evening stabbed and killed Ernest Langley, a boy of Aultman's own age.

According to the story Aultman told Detective Evans he and Langley were "sky-larking" and there was no bad blood or fight between them. They were chums, he said, and often boxed and wrestled. He said that on Friday afternoon they met at New Jersey avenue and E street and began playing in rather a rough way, first by dropping stones on each other's feet. Langley, the Aultman boy says, took out his knife and began to playfully stick at him, and he in turn drew his own knife. They closed in on each other, and the Langley boy suddenly threw up his arms and fell to the pavement. Aultman went to his chum's assistance, he says, and when he saw blood oozing through his shirt and a crowd gathering he became frightened and ran away, going in the direction of the Pennsylvania station, where he took a train for Newark. The police are inclined to believe the boy's statement. He is now at the House of Detention and will be kept there awaiting the verdict of the coroner's inquest, which was held this morning.

Red Flags In Chicago.

The trade unions of Chicago affiliated with the American Federation of Labor almost completely ignored the Moyer-Haywood demonstration in that city yesterday. This was brought about by the leaders, who set about two weeks ago to prevent their followers joining in the parade in behalf of the imprisoned Western Federation men.

In spite of this desertion the parade was accounted a success. At least 4,000 men were in line. These included socialist party ward clubs, trade unions affiliated with the Industrial Workers of the World, and various societies, including the Jewish band, from the Ghetto.

Anarchy and socialism paraded the streets under the guise of a Moyer-Haywood demonstration. Red flags were there in spite of the police order prohibiting them. A modern Barbara Frietchie arose on the west side and flung to the breeze the red banner of anarchy from a window near the Haymarket Theater. It was lustily cheered by the marchers.

Honore Jaxon, who because of letters exchanged with President Roosevelt drew upon his head the wrath of other leaders in the Haywood Moyer conference, was not in line. One banner made the positive statement that "John Brown's soul is with us."

A Year Without a Summer.

During the extraordinary year of 1816, according to the best records, January and February were warm and spring-like. March was cold and stormy. Vegetation had gotten well on in April, when real winter set in. Sleet and snow fell on seventeen different days in May. In June there was either frost or snow every night but three. The snow was five inches deep for several days in succession in the interior of New York, and from ten inches to three feet in Vermont and Maine. July was cold and frosty; ice formed as thick as window panes in every one of the New England States. August was still worse; ice formed nearly an inch in thickness and killed nearly every green thing in the United States and Europe. In the spring of 1817 corn which had been kept over from the crop of 1816 sold for from five to ten dollars a bushel, the buyers purchasing for seed. On May 10, 1885, snow fell to the depth of a foot in Jamestown, Va., and was piled up in huge drifts in most of the northern States.

Civil Pensions.

The President, after an exhaustive study of the difficult problem presented by the presence of many worthy but superannuated employes in the executive departments, and after receiving a report on the subject from the Keep Commission, has finally determined to urge Congress to create a civil pension list, and will deal with this subject in his next annual message. Congress will be asked to appropriate a sum sufficient to permit the retirement of all employes who have served the government for a specified time and have reached a given age on a pension which will save them from want. He will also urge legislation by which, beginning with its enactment, a percentage of all salaries will be deducted and devoted to the establishment of a benefit fund, which after the first few years will amount to enough to relieve the government from all further burden, other than the administration of the fund.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

MONDAY EVENING, MAY 20, 1907.

TRUST investigations and prosecutions come high but they must be had. Within the last four years the Department of Justice has paid out over $270,000 for this purpose. Some of it was as follows: Beef trust, $48,000; Standard Oil (in court), $45,000; tobacco trust (under investigation), $42,000; paper trust (concluded), $20,000; harvester trust (under investigation), $30,000; fertilizer trust (in court), $15,000; coal and oil carrying railroads (under investigation), $10,000; powder trust (under investigation), $7,000; turpentine trust, $25,000. Fines paid the government, $30,000. There are almost a dozen other investigations which have cost a pretty penny, but they are of lesser importance. Big money is paid for special counsel in order to get proper results, but the trusts which persist in violating the laws should be heavily fined and made to reimburse the public treasury for the money expended in their prosecution.

ENORMOUS profit taking on the Board of Trade in Chicago Saturday for the first time in many sessions entirely dwarfed the recent unprecedented demand for wheat from outsiders and leading professionals. The market, once started, ran as wild on down grade as it has been climbing upward. Whether it was a "shake out" only or the knell of dollar wheat, none dared assert with too great positiveness after the precedent breaking sensations of last week, but opinion leaned to the latter view, for the time being, at least. Prices ended well under the dollar level, with net losses for the day of 3¾ to 3⅞.

GOVERNOR LEA, of Delaware, has received a bill from the Pinkerton detective agency for $2,000 for investigating the supposed kidnapping of little Horace Marvin, jr. The legislature had placed exactly this amount at the disposal of the governor for this purpose, and the detective agency had no idea of any of the money getting away. There work in the case was practically nil.

A REPORT of the Commissioners of Corporations, saying that the Standard Oil Company, largely through the abuse of transportation facilities, has for thirty-five years maintained a practical monopoly of the petroleum industry, has been made public at Washington. Now the whole force of the administration should be exerted toward breaking up this monopoly.

IT IS given out that in order to consider certain details connected with the primary on June 19, the democratic district committee will hold a meeting Tuesday afternoon in the Metropolitan Hotel, in Washington. Surely the Eighth Virginia district is large enough for a meeting place without going to Washington!

THE pictures of Mayor Schmitz, of San Francisco, now being published in many of the newspapers, go to show that he is guilty of anything of which he is charged. He should have been in the penitentiary long ago.

IT IS stated in Washington that it is improbable that the President will send a tariff revision in his next message to Congress. This will not be the first time Mr. Roosevelt stolen democratic thunder.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 20.

"I struck him with my fist, and Edwards drew a knife and, stabbed me". This is the declaration today of Alejandro Garland, jr., attache of the Peruvian legation and it is his first statement concerning the fight he had last week with Charles A. Edwards secretary of the democratic congressional committee. Garland's conditions is said to be improving. There is no fear of blood poisoning; the physicians fearing only an internal hemorrhage. The young man is being cared for at the legation by two trained nurses. Edwards is still at liberty on bail and will not be interfered with by the police unless Garland's condition should take a more serious turn. He will have a preliminary hearing on Thursday.

The revelations of peculiar operations of the Standard Oil Company made today by the Commissioner of Corporations indicate that the petroleum octopus will be haled into court as the first defendant under the new railroad rate law. The disclosures of abuses whereby the Standard has either evaded or openly violated the law and prevented competition, will also furnish the basis for a contest in the next Congress which, it is believed, will result in additional legislation of such character as to throw the Standard's system of pipe lines open to general use by the independent concerns. The company may be punished as follows: Penalty for failure to file or strictly to observe tariffs—fine of $1,000 to $20,000 for each offense. Penalty for granting discriminations—fine of $1,000 to $10,000 for each offense. In addition the responsible officers or agents thus violating the law may be imprisoned for not more than two years.

It would not be surprising if the Department of Justice should inititiate proceedings in the next few days.

While the "pal" of the two boys attended the funeral mass in St. Peter's church over the body of Ernest Langley today, Rappel Aultman cried bitterly at the House of Detention. Between sobs, he expressed the hope that no one would believe he "had killed his best friend on purpose." The fifteen year old prisoner, arrested in Newark, N. J., Saturday, where he went to see his step-father just after the scuffle with Langley, which resulted in the latter's death from a stab wound, was, brought back here by Detective Evans. He lamented the fact that he had run away. The cutting, he said, was purely accidental and when he found that his friend was stabbed, his first impulse was to flee. He did not know that the boy had died until he was on his way back to Washington. Young Aultman will be held pending the decision of the coroner. It is doubtful if he will be tried. The coroner's jury this afternoon exonorated young Aultman, finding that the death of Langley was the result of an accident.

Preliminary arrangements have just been completed by the Geological Survey, the Weather Bureau and the Reclamation Service, for the most extensive study of evaporation ever conducted by scientists, surely in America. The immediate object is to ascertain how rapidly the water evaporates from the Salton basin, converted into an inland sea by the Colorado river bursting through its banks and flooding thousands of acres to a depth of eighty feet. The river has been turned back into its old course, and the water in the basin is left to evaporate. That the evaporation is enormous, is shown by the estimation that enough water will evaporate from the new Roosevelt reservoir in Arizona, in one year to irrigate 50,000 acres.

Postmaster General Meyer today issued an order declaring unmailable more than a score of unlawful medical advertisements of parties in Chicago. Investigations by special agents of the department disclosed that the advertisements related to illegal practices. The parties are alleged to be engaged in performing criminal operations, and selling illegal medicines for the use of women. Many of the names under which the advertisements were placed were found to be fictitious, and assumed to hide the identities of the real parties. The postmaster is directed to refuse to permit these advertisements to enter the mails, and all the newspapers of Chicago will be so advised. Mail received for the fictitious names and addresses will be returned to the writers undelivered. As a result of the investigations made by the department at Chicago, criminal proceedings have been instituted against three of the parties alleged to be engaged in these illegal practices.

In a communication to Secretary Taft, of the War Department, Col. Coethals, chief engineer of the canal zone, indicates that no further importations of labor to the isthmus should be made at the present time, the reason for this, apparently being that a rainy season has developed which is retarding the progress of work to some extent.

Jos. H. Brillhart has been appointed postmaster at Fleeton, Northumberland county.

Owing to embarrassing labor conditions at San Francisco the Union Iron Works has found itself compelled to turn over to the government, under completion, the new armored cruiser California, on which it has been been unable to make any material progress the past two months.

THE BAPTISTS,

The Southern Baptist Convention, in session in Richmond, on Saturday adopted the report of the committee on general denominational education. In this report it was recommended that "a great Baptist university he established in the south, that a vigorous campaign for education be pressed within our boundary, that great effort be brought into our schools for thourghly training those whom God has called into the ministry of his Son. Southern white Baptists number 1,800,000, while only about 1,500 are being educated for the ministry—one out of every 12,000 that our pastors urge upon the men of large means the necessity of giving liberally, while living, to our institutions, and of leaving bequests to them in their wills." Delegates to the convention conferred upon Rev. J. B. Hawthorne, pastor of Grove Avenue Baptist Church, a signal mark of their esteem and effections Saturday morning. The popular minister was lionized at a surprise party in his honor, at which time he was presented with a gold-headed walking stick. The little scene was enacted in the dining-room at Ford's Hotel during the breakfast hour. Capt. Frank Cunningham asked the attention of the party and introduced Rev. Dr. Battle, of Greensboro, N.C., who made the presentation speech. Dr. Hawthorne made a graceful acknowledgment of the honor bestowed upon him.

Southern Presbyterians.

At the Southern Presbyterian General Assembly at Birmingham, Ala., Saturday, the special committee appointed to thresh out the question of adoption of the Charlotte articles of agreement named a special sub-committee of three to formulate the report. The articles of agreement which constitute the principal basis of discussion at the present assemoly, provide for the creation of a council which shall have the power of naming itself. This council shall be made up of commissioners from all the general assemblies of the church and holding the Presbyterian faith. The council is to have no judiciary power, but can make recommendations to various general assemblies. While it will have no actual authority its creation will be regarded as a long step toward organic union.

Presbyterians and the Temperance Question.

Columbus, O., May 20.—The temperance question again came to the front with the opening of today's session of the general Presbyterian committee. The temperance committee referred back the overtures supporting the anti-saloon league to the committee, on bills and overtures, and Dr. Ira Landrith, as chairman of this committee, asked that the assembly take up the temperance matter Wednesday afternoon. The assembly so voted over the opjection of Moderator Roberts. The question to finally be solved by the assembly is shall the Presbyterian church endorse the plan of a church temperanee feideration which would parallel the work of the anti-saloon league or refused such endorsement and support the anti-league. The big majority of commissioners seen to favor the anti-saloon league.

CONFEDERATE REUNION.

It is safe to predict that the eyes of the entire Southland will turn towards Richmond May 30th, for on that occasion will begin in the Virginia capital the seventeenth annual reunion of the Grand Camp of United Confederate Veterans.

These great gatherings of "Marse Robert's boys" have never failed to attract the attention of the entire union in the past and Richmond once before has had the honor of playing hostess for the old soldiers, but the duties that will devolve upon her this spring will be of a peculiarly novel sort.

In this connection it should be explained that the coming reunion, in all probability, will be the last the ex-Confederates will ever have—that is, the last enterstate affair. Forty-two years have elapsed since the southern stars and bars were forever furled at Appomattox and the soldiers who then fought with Lee no longer are young men. The time has come when the survivors of that dauntless band have almost arrived at the end of life's journey. This they sadly realize. "Let us see Richmond once more and die," say these venerable old heroes. "Yes, just one more long trip away from home and we are done."

And so it comes about that this supposedly last rally call of the Grand Camp will bring together thousands and thousands who wish to stand again within the walls of that capital for which they so gallantly fought over four decades ago.

Richmond realizes that the proper entertainment of these old soldiers is something more than a passing duty and a pleasure. She understands that it is a solemn trust which must be faithfully and appropriately fulfilled. As a consequence, the whole town is making arrangements for the reunion. The City Council already has appropriated $20,000 for the occasion and at this writing the local committees have raised even more, nor will they cease their canvassing until a total sum of $45,000 is available for the entertainment of Richmond's honored guests.

Heretofore the reunions of the Grand Camp have lasted only three days at the most, but the quondam capital of the Confederacy feels that she must surpass all other southern cities in the matter of hospitality. Therefore her programme covers five days, and includes a number of notable features which cannot fail to prove interesting to those holding dear the memory of the Lost Cause. The exercises will begin Thursday, May 30th, with a grand parade of the Veteran Cavalry Association of the army of Northern Virginia and the unveiling of the magnificent equestrian statue of Gen. J. E. B. Stuart. On this occasion Judge Theodore S. Garnett of Norfolk will be the orator. From the monument grounds the procession will march to Hollywood Cemetery where the usual memorial exercises annually set for May 30th will take place.

The interim between Thursday and Monday will be well filled with balls, receptions and meetings of the Grand Camp, and on Sunday memorial services will be held in all the churches.

The greatest and most spectacular day of the reunion will be Monday, June 3rd, on which date the superb monument to President Davis will be unveiled and the most ambitious of all the orations delivered. It is on this occasion, too, that the most imposing of all the parades will be seen. While the Grand Camp is meeting in Richmond numerous other Confederate organizations, including the Sons of Veterans and Daughters of the Confederacy, will also hold their session in the city.

Schmitz Makes Charges.

District Attorney Langdon of San Francisco on Saturday night was served by Mayor Schmitz's attorney with notices of a motion for substitution of a trial judge on the ground that Judge Frank H. Dunne is disqualified by bias and prejudice. Accompanying and supporting this motion is a lengthy affidavit by Schmitz, in which charges are made against Rudolph Spreckels, his associates in the bribery graft prosecution and Judge Dunne, himself. Schmitz is charged jointly with Abraham Ruef with extoring money from French restaurants. Ruef last week pleaded guilty.

Among Schmitz's allegations are the following:

That Mr. Spreckels and the associates who are with him, the financial guarantors of the bribery graft investigation and prosecution, long since exhausted the original fund of $100,000 pledged by Spreckels and have expended nearly $1,000,000 in a municipal purification campaign; that the expenditures of this vast sum of money is by way of an investment from which actual moneyed returns are expected; that Spreckels and his prosecuting associates desire and purpose to overthrow the present municipal administration that they themselves may assume the reins of government and procure for themselves street railway and water franchises which will net them millions of dollars of the public moneys; that Judge Dunne is aware of this intent and purpose and is therewith in accord; that the conviction of Schmitz is desired as a means to these ends, and that it is the wish of Judge Dunne that a biased and prejudiced jury be selected to procure such convictions, and that for that and various other reasons it is impossible for Schmitz to have a fair and impartial trial at Judge Dunne's hands.

The new dry-dock at the Norfolk navy yard has proved useless because there is no alternating current in the yard's electrical equipment to operate the electrical pumps for clearing the dock of water.

LETTER TO CARROLL PIERCE,

Alexandria, Virginia.

Dear Sir: If a customer wants $35 50 do you give him $75?

Suppose you should hear of one of your customers doing a thing like that and not knowing it, what would you say next time he wants discount?

We'll venture half your men are doing that very thing without a suspicion.

Men who paint any other paint than Devoe are paying $75 for $35.50 or some other such figure.

10 gallons Devoe is enough for a good-size house two coats; 15 or 20 isn't too much of another paint. There's $8 75 or $17.50 for 5 or 10 extra gallons; besides $2 to $4 a gallon for putting it on; that's $10 to $40. That's how half the houses stores factories warehouses shops barns fences are painted: $50 for paint and labor; $25 to $50 more for not knowing what paint to put on.

The one to put on is the paint that takes least gallons and makes least bills for paint and labor.

Yours truly,
F W DEVOE & Co.

Killed by Infernal Machine.

Odessa, Russia, May 20.—A young girl was the principal agent of terrorists in an explosion in the Central police bureau today, resulting in the assassination of the superintendent of police and two chief detectives. Seven other persons were seriously injured. Two men who assisted the girl in carrying out the plot were captured after being wounded but the girl leader escaped. The trio entered the police bureau together, the girl, carrying the bundle which was done up in a way that attracted no attention. The girl placed the package on a chair while making an inquiry of the officer in charge. Then the three left, the infernal machine apparently being forgotten. One of the detectives had just picked the bundle up to run after the girl when it exploded. The superintendent and detectives were horribly mangled and the building was wrecked. Officers started in pursuit and shot the two men, while the girl disappeared in the crowd. One of the prisoners has been identified as a terrorist named Tchorkoff. One of the detectives was nicknamed "the hangman" by terrorists because he had tortured political prisoners, and the other was equally hated for helping to incite the outbreak of 1905.

Brooklyn Handicap

New York, May 20.—The most popular of all thoroughbred contests and the first big classic of the year—the Brooklyn Handibap—will be run at Gravesend this afternoon and will inaugurate the spring meeting of that course. Fifteen horses are carded to go in the event and from the list entries the race appears to be a very open one. There is pratically no outstanding favorite, but the post favorite will undoubtedly be W. R. Thomas' Go-Between. F. R. Hitchcock's Dandeloin will also have many supporters. These two horses are seasoned campaigners, and it is this fact that endears them to the public. Despite the threatening weather, the crowds began to go to the course early, and the indications were that one of the biggest assemblages that ever witnessed the running of this race would be in attendance.

Trouble in a Church.

Youngstown, O., May 20.—Courts will be called on to decide the ownership of the furnishings of St. Anthony's Catholic Church. The church has been involved in a factional fight, and Bishop Bannerman recently excommunicated Rev. Lops, who had been acting as pastor, for his refusal to obey orders. The majority of the congregation stuck by the deposed pastor and yesterday 1,500 persons marched to the church and removed every thing portable except the organ and bell. A detachment of police recaptured the loot and are now holding it in a storehouse pending court decision as to its ownership. The followers of Rev. Lops say they paid for the furnishings and want them for a new church they propose building.

Five Persons Drowned.

Boston, May 20—The summer season's tale of drownings began yesterday when the first really warm Sunday of the year covered the river and beaches in this vicinity with pleasure seekers. Five persons met death on the water. Arthur Filmore was drowned while sailing off Napant during the afternoon his two companions being rescued by the life savers. Charles O'Neill, of Holyoke, a student at Holy Cross College, was drowned while bathing at Worchester. John B. Short, 21, was drowned when a canoe upset at Lawrence, and Arthur Lund and Arthur Hutchins were drowned while canoeing, the former at Nassau, N. H., and the latter at Norway, Me.

Daughter Born to Sultan.

Constantinople, May 20.—The Sultan, in his sixty-fifth year, has again become a father, a daughter having been born to him. This is his fourteenth child. No mention is made of the mother in the announcement, and it is not known whether she is one of his majesty's four wives or merely one of the numerous slave girls in his seraglio whose children by the imperial master, however, rank as legitimate with the others. Prince Selim, who lives in disgrace at the age of 37, is the sultan's eldest child. The youngest until the new arrival was Prince Mehemed, who is now a little more than 18 months old.

Boy on Trial for Murder.

Salem, Mass., May 20.—What is expected to prove one of the most sensational trials ever held in New England began today when 14-year-old Edgar Meikle, of Lynn, was brought before the court charged with deliberately murdering his father, Charles Meikle. The Lynn police have averred from the beginning that it was a case of suicide, as did also Medical Examiner Pinkham. Edgar, the boy who will be tried today, was once before charged with the murder, but was discharged as innocent. A year and a half after the state police had him indicted, and for six months he has been in Salem jail awaiting trial.

Terrorist Injured.

Paris, May 20.—Through the confession today of Ivan Petroff, a Russian, some of the details were brought to light of another terrosist plot against high Russian authorities. Petroff was taken to a hospital on Friday with his hands terribly lacerated. He declined to tell how he was injured. Today Petroff admitted that he was a terrorist and said he had been hurt by the premature explosion of a bomb he was making in the home of a cousin named Slepner in the Rue Jura. Petroff admitted the existence of a plot, but did not divulged who were the intended victims.

Douma Expresses Indignation.

St. Petersburg, May 20.—The Douma today adopted a resolution expressing its indignation because of the recently discovered plot against the life of Czar Nicholas. The jury of the deputies because of the escape of the monarch is also expressed in the resolution. Preimer Stolypin read of the report of the plot before the resolution was adopted. It was noticeable that the chamber was only about half filled when the resolution came to a vote. All the socialist deputies absented themselves to avoid going on record.

Kuroki at Yale.

New Haven, Conn., 20.—Gen Baro Kuroki and staff paid a visit to Yale University which has gratuated more Japanese than any other educational institute in this country and incidentally met Elihu Root. The visitors took carriages for the Yale campus where they looked over the various buildings amid "banzas" and Yale cheers. At 12:30 the party formally entered the Yale dining hall.

Mr. and Mrs. Corey Seasick.

Plymouth, May 20.—The honeymoon voyage of Mr. and Mrs. Wm. E. Corey, who were married in New York last Monday night, was anything but the pleasure trip they had anticipated, as both the new husband and his second bride were sick during practically the whole trip. This fact became known today when the Kaiser Wilehlem II arrived. Mrs. Corey, formerly Mabelle Gilman, the actress, suffered especially. Several days she was so seasick she could not leave her bed. Both Corey and his wife confined themselves to their apartments in the captain's suite, for the entire voyage. The steward set a guard over the rooms, and no one was allowed to annoy them. All efforts to interview Corey were foiled here because of the impossibility of reaching him. The coupled continued on the Kaiser to Cherbourg.

New York, May 20.—According to a report considered reliable, Wm. Ellis Corey, president of the Steel Corporation, who married Mabelle Gilman, has already tendered his resignation, which will be accepted. President A. C. Dinkey of the Carnegie Steel Company, will be elected president of the corporation.

Exiled President.

New Orleans, May 20.—Gen. Manuel Bonilla, the exiled President of Honduras, arrived here yesterday. He is in bad shape physically. He will remain here until Thursday when he will sail for Belize, British Honduras. "I am going to Belize to resume to quiet and peaceful life of a planter," said he today. "I have not the slightest intention of ever again mixing up in the politics of Honduras. I realize that I am unable to hold the forces of that country together, that there are a large number of traitors and adventurers, who are totally unreliable in the army, so I am done."

Striking Street Car Men.

Birmingham, Ala., May 20.—Two hundred motormen and conductors employed by the local street car company failed to report for work today as the preliminary step in a fight for recognition of the union just formed and to secure better wages. There is grave danger of serious trouble before the strike is settled. It is expected many of the remaining 300 street car employes will join the strike, and as officers of the company say they will never recognize the union, a hard fight is promised. So far there has been no disorder. Already the strike has tied up about half the cars.

Judge Gray Not a Candidate.

Wilmington, Del., May 20.—Federal Judge George Gray, Delaware's leading jurist, refuses to become a candidate for the presidency next year. His name has been mentioned in connection with the office at various places, but he steadfastly refuses to allow himself to be brought into the contest for the place. Judge Gray was asked today what he had to say in reference to the recent suggestions in his behalf regarding the presidency. He simply replied that he appreciated what his friends were doing for him, but that he was not seeking the place.

The Haywood Murder Trial.

Boise, Idaho, May 20.—With half a hundred witnesses for the prosecution in Boise, headed by Gen. Bulkley Wells, who succeeded Gen. Sherman Bell as adjutant-general of the Colorado National Guard, and both the prosecution and defense compelled to resort to peremptory challenges to remove from the jury box obnoxious veniremen, the third week of the Haywood murder trial seems likely to develop sensations. The slow and tedious work of selecting a jury is still in progress.

Killed by Explosion.

Boston, May 20.—At least one person is known to be buried in the ruins and seven or eight were terribly injured by the explosion of the largest and most dangerous charging plant at the Masten and Wells Fire Works Factory at noon today. It is feared other victims are buried in the ruins of the building which burned after the explosion. The report was terrific breaking all the windows in neighboring buildings. The eighty employes, one-third of them women, fled in a panic.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if the best work is expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulations. The bodily machinery of the human being is clogged when there is constipation and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can be done by the use, until there is free movement of the bowels, of teaspoonful doses, at bed time and before each meal, of a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, ½ oz. Aro-Sagrada, 30 grains Bi-Carbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. The ingredients are all entirely harmless and any good druggist can prepare the medicine.

Weather Probabilities.

For this section fair, cooler tonight. Tuesday fair; light to fresh northerly winds.

Rain and Hail.

"Sweet summer time" was in evidence yesterday. The weather in the morning was fair and warm, and the temperature rose as the day advanced until it became oppressive. In the afternoon a slate-colored cloud rose in the western and northwestern heavens from which lightning flashed and thunder rolled. The heaviest portion of the cloud, however, passed north of this city, although there was rain here with hail in some sections. Other showers followed at intervals, and at the close of the day and early in the night there was a succession of heavy downpours, accompanied by considerable thunder and lightning. For hours after the rain had ceased to fall in this city the southern heavens were aglow with lightning. The vanguard of mayflies arrived Saturday night. They were reinforced by myriads last night, and in the vicinity of electric lights walls were coated with the insects. The storms of yesterday afternoon and last night extended over a large area and in Washington during the afternoon the disturbance was severe. Some hail fell and lightning struck in several places, in one instance destroying a barn at Anacostia. There was hail in many places in Maryland during the afternoon.

History of Truro Parish.

The late Rev. Dr. Phillip Slaughter, historiographer of the Diocese of Virginia, discovered, intact, the old vestry books of the historical parish of Truro, in Fairfax county, Va., lost to sight for three quarters of a century. These books were purchased by the vestry of Pohick church, but not before Dr. Slaughter had compiled from their pages and his own historic cover the history of Truro parish. The manuscript was committed to the Rev. S. A. Wallis, then rector of Pohick, to be published when practicable. By request of Dr. Wallis, Dr. Slaughter's manuscript is being carefully revised by the Rev. Edward L. Goodwin, historiographer of the diocese and a rector in Truro parish. Mr. Goodwin is adding additional material from the old vestry books and other sources. He is well qualified for the task, and the book, when published, will be of great value to the church historian. The book will contain 125 octavo pages, with illustrations.—[Southern Churchman.

Del Ray Misson.

An entertainment was given Friday night at the school house in Del Ray by the mission of Christ Church of this city. A large number of residents of Alexandria, as well as those living in the vicinity of the mission, were present. The programme was a very enjoyable one, consisting of vocal and instrumental selections by local talent, as well as recitations and dialogues. Following the programme, refreshments were served. This mission has been started to meet the needs of the increasing number of Episcopalians rapidly filling this section, and the projectors of the movement feel much encouragement at the hearty support given. For the present religious services are being conducted in the chapel of the Baptists in Del Ray, but plans are being formulated for the purchase of suitable lots and the erection thereon of a church edifice. The charge is supplied with leaders from the Episcopal Seminary, and very satisfactory congregations are present at the service.

Land Sale.

Mr. Samuel H. Lunt, auctioneer, will offer for sale on the premises on Thursday next at 5 o'clock p. m. some valuable real estate situated in the vicinity of the Episcopal Theological Seminary, near this city. The land is in two tracts, the first of which contains between 14 and 15 acres and is improved by a house and other buildings. The second tract contains 49 acres and 61 poles adjoining the first tract and Smith's and Snowden's land and binding for a short distance on the Leesburg pike. This sale will afford an opportunity for persons desiring build residences between Alexandria and the Theological Seminary.

Accused Dismissed.

Among the prisoners before Justice Caton in the Police Court this morning was a woman who lives in the vicinity of the station house. She had been arrested by Officer Sherwood charged with disorderly conduct. The accused made no attempt to controvert the charge, and in extenuation of her offense said she had taken "so much" whisky (measuring at the time about two inches on one of her fingers) and that it went to her head immediately. "I haven't much head, anyhow," she observed, "and I began to cry out." Justice Caton told her to go.

Descent on Crapshooters.

Officers Knight and Garvey and Special Officer Carter make a descent yesterday afternoon on a gang of crapshooters near the northern approach to the Hunting creek bridge and captured thirteen negroes. They were taken to the station house where they left collateral for their appearance this morning. Eight of the gang failed to put in their appearance when the case was called this morning and forfeited their collateral. One of the five which appeared was dismissed and the others were fined $1 each.

Death of Mrs. Kirchner.

Mrs. Rosina Kirchner wife of J. G. Kirchner, died yesterday morning, at her home, 1003 Duke street. Besides her husband Mrs. Kirchner is survived by seven children—Mrs. W. A. Troeller, of New York; Mrs. D. L. O'Neil, of this city; the Misses Emma and Rosa Kirchner, and Alfred and John Kirchner, of this city, and Frederick Kirchner, of Greenville, S. C. Mrs. Kirchner was 65 years old.

A large number of the members of the Jr. O. U. A. of this city and vicinity will leave here this evening for the purpose of taking part in Junior Day at Capt. John Smith's show at the Jamestown Exposition tomorrow. Among those who will speak will be Mr. W. L. Wilmeth of Vienna.

The Churches.

Whitsunday, or the Feast of Pentecost, and the Feast of Weeks were celebrated in the Catholic, Episcopal and Lutheran churches and in the synagogue yesterday. Whitsunday, or the Feast of Pentecost, grew out of the Jewish Feast of Weeks, which is celebrated at the same time the Jewish feast was originally for the supplication of divine blessing on the harvest, but more recently it has been commemorative of the giving of the law to Moses on Mount Sinai. Pentecost is from the Greek, and means "fifty"—the number of days between the Passover and the feast. Whitsunday is the old English word, which has its orgin in the custom of baptising infants at that time, the infants wearing white robes. The services in the synagogue which were conducted by Mr. I. Eichberg included the reading of the story of Ruth, because King David, a descendant of Ruth, died on Pentecost.

In the Catholic, Episcopal and Lutheran churches Whitsunday was observed in commemoration of the descent of the Holy Ghost upon the Apostles and of the baptism of the 3,000. In all these churches services appropriate to the day were held by the resident clergy.

The new Methodist Protestant congregation of this city, whose members recently withdrew from the Methodist Protestant Church, held its first regular Sunday services yesterday in the old First Presbyterian Church on south Fairfax street. The sermon was delivered by Rev. R. S. Lawrence. The services were well attended. The services in the other churches were held according to Saturday's announcements.

A Job for Aladdin.

There is work for Aladdin at the intersection of Cameron and Alfred streets. It is said that a genii, a slave of Aladdin's lamp, removed a palace in the twinkling of an eye from the capital of China to the heart of Africa and transported it back again when the possessor of the lamp requested him to do so. Recently a resident of the southeastern section of the city purchased a frame house in the northwest with the intention of removing the same to a lot on Gibbon street, near Pitt. Two colored men were employed to transport the house from the old to the new site, but they began to encounter difficulties after they had proceeded but a short distance. Upon reaching Cameron and Alfred streets they found that residents of that neighborhood were averse to the placing of ropes around trees in front of their property in order to warp the structure along, and the men proceeded to bore holes in the vitrified brick roadway into which they intended to plant crowbars on which to place the ropes. This brought them in contact with the authorities and the men were fined in the Police Court for defacing city property. The next barrier to their progress proved to be the electric railway wires on Cameron street. It is impossible for the structure to pass under them and no way for it to pass over. Besides it was realized that should the house be brought south of Cameron street similar obstacles would be encountered, as a net work of telegraph, trolley, electric and telephone wires are stretched on King street. The work of removing the house has consequently been brought to a standstill, and it is now at the intersection of Cameron and Alfred streets.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Charles Williams, colored, charged with assault, was fined $5.

Lucy Williams, colored, charged with contempt of court, was dismissed.

Charles Churchill, and Samuel Sorrell, charged with gambling, forfeited their collateral by failing to appear.

Ferdinand Patton, charged with drunkenness and improper conduct in the street, was sent to jail for 10 days.

Joseph Thomas, colored, charged with disorderly conduct, was dismissed.

A white man, charged with drunkenness, was dismissed.

Arthur Millard, charged with trespassing upon the property of the Southern Railway, was sent to jail for 20 days.

Henry Coleman, charged with a similar offense, was dismissed upon promising to return to Washington.

Eight young colored men, charged with gambling, forfeited their collateral by failing to appear. Four charged with a similar offense were fined $1 each and one was dismissed.

A white woman, charged with being drunk, was dismissed.

Madison Jackson, colored, charged with assaulting Selina Jackson, was fined $2.50.

Lee Downs, charged with interfering with an officer in the discharge of his duty, was fined $2.50.

Joseph Carroll, colored, charged with assaulting George King, was dismissed.

Robert Benson, suspected of the theft of a watch, was dismissed.

Improvements.

Preparations for building the Hill Memorial, the new building for the M. E. Church South, were commenced this morning and the work will be pushed to a rapid completion. The brick wall which bordered the lot on the east is being torn down.

The work of remodeling and improving the clerk's office and record room of the Corporation Court will, it is said, be commenced about the middle of next month. As heretofore stated the plan provides for the location of these offices on the ground floor of the buiding.

The Red Men.

Great Sachem Sharply, of the Great Council of the Improved Order of Red Men, of Virginia, has announced his appointments for the term. Great Sannap F. H. Walker, Hampton; Great Mishenewa M. M. Cherry, Norfolk; Guard Wigwam J. T. Kellam, Exmore; Great Guard Forest E. W. Seay, Danville; committee on constitution and laws, Nelson Powell, of Richmond, and J. L. Pattison, Richmond, and R. A. Williamson, Norfolk; board of appeals, A. P. Jackson, three years.

Entertainment.

On Thursday evening, as has been announced, the Sunday school choir of Christ Church and other local talent will give an entertainment entitled "Pansy Blossoms' Baby Party" in the parish hall. In addition to the soloists already announced, some of those who will assist in the choruses are Misses Grace Henry, Ethel Larmond, Lottie Harrison, Nora Perry, Florence Hackney, Annie Thaler. Messrs. James Early, John Bohlayer and Andrew Hall.

Personal.

Miss Carrie Stribling, who has been visiting Miss Gault Norton, has returned to her home in Marknam, Va.

The Memphis Commercial Appeal has the following to say of Capt. W. B. Smithers, of this city who was there attending the meeting of the Order of Railway Conductors: Capt. W. B Smithers, "from Virginia, sir," is in sight most of the time, and is never tired of extolling the virtues of his State. "I tell you," he said, at the Gayoso last night, "in Virginia we raise as fine a lot of men as any State can produce, and we don't admit the superiority of the women of any other State, either. Politics—of course we're all in politics in Virginia, and as far as I am concerned, we are tired of running Bryan and want to try Judge Gray, of Delaware. I don't think Roosevelt would run for a third term, and if he should, he would be beaten, for there is an unwritten law in this country against it, and that would settle any man, no matter how great or how popular."

Mr. William C. Brenner has gone to Panama to take a government position.

Mr. James R. Mansfield and family left last evening for Norfolk. The latter will remain there for several weeks.

Mr. G. L. Boothe has returned from a short visit to Newport News.

Judge Barley, who held court for Judge Haas, at Harrisonburg last week, returned on Saturday and this morning went to Fairfax to hold court there.

Mr. George C. Ely and Miss Virginia Purcell were married in Manchester today. They will make their home in this city.

Mrs. Ward Winchell, of New York, and Miss Ethel King, of Boston, are visiting friends in this city.

Baseball.

The Del Ray Baseball Club in a hotly contrasted game on the Four-mile run grounds yesterday afternoon defeated the P. B. & W. Club of Washington by a score of 6 to 4. The feature of the game was the pitching of Birrell, and the triple play by Clark, Bruffy and Geary of the Del Ray Club.

A colored woman dropped a dollar bill on Queen street, near Columbus, yesterday. A white man managed to pick it up before the owner could do so and ran off. The incident caused some excitement.

About thirty mechanics employed at the Southern Railway shops in this city, were furloughed last Saturday. The appropriation, it is said, has been exhausted. The men will probably be reinstated within a short time.

An unknown colored man was struck by a Great Falls and Old Dominion car near Jackson Station, Va., late Saturday night. He was taken to the Emergency Hospital in Washington where he died a few hours later.

A colored woman named Mary Nicholson, living on north Fayette street, swallowed laudanum last Saturday night with suicidal intent. Dr. Hopkins was summoned and by administering proper antidotes relieved the woman of the drug.

Several sides of leather which had been placed in a box car at the Potomac yards recently had about two square feet cut out of the centre of each after they reached the car. The railroad officials ascertained the names of the men who had handled the leather and assessed the damages, amounting to about $25, against them, and when they received their month's pay that amount was taken out.

Lion in Atlanta Street.

A preforming lion escaped from its cage at a theater in Atlanta, Ga., last night, made its way throught the stage entrance to Marietta street, in the center of the city, and caused great excitement on that street for two blocks before it was driven into a basement and captured by its keeper. After escaping from its cage the lion went on the stage while the curtain was down, and then made its way out through the stage entrance. Reaching the street the animal roared and set out at a lively pace. The street was crowded and people fled in panic. One man shot at the beast and slightly wounded it before it was finally driven into a basement and captured. The audience at the theater knew nothing of the escape.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

He Fought at Gettysburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

School of Art.

The University of Virginia Summer School of Art, founded for the purpose of offering to southern students, near home and at much less expense, the same facilities for the study of art to be had at the best northern summer schools, finds its continuance in the unequivocal success of the past three sessions. The enthusiastic support of its students and the quality of their work have completed its firm establishment. The fourth session of the school of art will open on June 19 and continue till August 30.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn back growths back to flesh again. That is impossible. But I can now supply kill the pains and pangs of this deplorable disease.

In Germany, with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I unsuccessfully trusted many, many cases of Rheumatism; but now, at last, it unfailingly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, those poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
